## Nisqually II

The majestic Cascade Mountain Range feeds the lovely Nisqually River. The river begins on the southern side of Mr. Rainier, fed by the huge Nisqually Glacier. Two dams have put this mighty river to work producing electricity, the Alder Dam and the La Grande Dam. The Nisqually is a traditional fishing territory of the Nisqually Tribe, and in 1974, Washington State protected the tribe's right to fish these waters.
